- Cursor, Antigravity, Figma MCP

Experience

2023 - now

Bielsko-Biała

Freelance React /React Native Developer

Portfolio: <https://dariaczupreta.pl/>

Selected Commercial & Client Projects:

- Mobile App for Dance Schools:
developed a production-ready mobile application supporting both clients and instructors of dance schools. The app is actively used by over 5,000 users.
- Mobile App for renting bikes:
mobile app built with React Native and Expo for a bike rental platform, enabling users to browse, rent, and manage bikes through an intuitive interface.
- Personal Trainer Page:
modern website showcasing training programs, client transformations, testimonials, and contact options. Built with Cursor and Antigravity using FigmaMCP integration, optimized for performance and mobile devices.
- Programming Learning App:
mobile application that helps users learn programming languages and prepare for technical interviews, taking care of both development and UI/UX design.
- Co-creator of Programming Cards' Hub:
a physical product - flashcards designed to support technical interview preparation in various programming languages.

2020 - 2022

Bielsko-Biała

Da Vinci Studio Sp.z.o.o.

IT Project Manager

I have coordinated several projects to develop applications and websites using Scrum. I run one project in English for a foreign client, set budgets and key deadlines for project implementation, controlled the profits and costs of supervised projects. I also organized and took part in eventstormings.

Languages

- English
- Polish
